

GAS-OIL BURNER SYSTEMS OIL BURNER SYSTEMS GAS BURNER SYSTEMS AND PIPING

Content:

- New Oil Burner Systems

Activities:

- Basic and Detail Design
- Manufacturing and Delivery
- Installation
- Commissioning

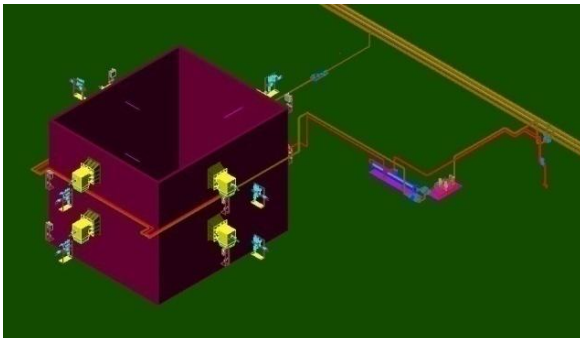

Projects:

- Basic and detail design of Gas Burner Systems and Gas Ducts for fuel and ignition gas for Boilers 7&8 – Ruse East TPP
- Basic and detail design, supply and commissioning of Ignition Oil Burner Systems with individual burner regulation in wide spectrum of loading and low NO_x emissions for 4x227 MW Units - Enel Maritsa East 3 TPP
- Basic and detail design, delivery, installation and commissioning of Gas Burner System and Piping for a Rotary Furnace – Feromagnit Pernik
- Basic and detail design, supply and commissioning of Ignition Oil Burner Systems for 3x220 t/h units - Deven TPP
- Basic and detail design, supply and commissioning of Ignition Gas-Oil Burner Systems with a burner control over a network for 1x150 MW unit - Maritsa 3 TPP – Dimitrovgrad

Clients:

- Ruse East TPP
- Feromagni Pernik
- E&Z Enel Maritsa East 3 JSC
- Deven JSC
- TPP Maritsa 3 JSC
